ACC COVERPLUS EXTRA

A number of you would have experienced this happening already. Recently ACC has begun cancelling Coverplus Extra policies automatically when payment has not been made on an invoice for 30 days after the due date. This has caused some panic as once a policy is cancelled a new application process has to be started all over again if you wish to remain on Coverplus Extra.

While this has always been a possibility and is noted in the terms and conditions of policy documents, it is not something that has been enforced until now. It has caught a number of policy holders by surprise.

It is important to note that no one will lose cover as a result of this, they will simply slip back on to standard Workplace/Coverplus cover. If you have any further queries on this, please contact us at Finman's and we'll be happy to help.

'There are no secrets to Success. It is the result of preparation, hard work, and learning from failure'. Colin Powell

COMPANIES — NEW REQUIREMENTS

You may have already heard, there are now new residency requirements for the status of Company Directors. If we file your Annual Return, we will be contacting you to find out your details of your date of birth and your place of birth, if we don't already have this information. This information is held confidentially at the Companies Office and not able to be viewed by the public.
